The logo for OBSCURA, featuring the word in white, uppercase, sans-serif font on a black background.The logo for Darkside Scientific, featuring the words in white, serif font on a black background.The logo for FLIR, featuring a white diamond shape with a smaller diamond inside, followed by the word FLIR in white, uppercase, sans-serif font on a black background.The logo for PHOTOARK, featuring the word in white, uppercase, sans-serif font with a small orange circle around the 'O', and the name JOEL SARTORE in smaller white, uppercase, sans-serif font below it on a black background.The logo for WILD LIFE RISK, featuring the words in white, uppercase, sans-serif font inside a white square border on a black background.The logo for PAUL HILTON, featuring the name in white, uppercase, sans-serif font above the words CONSERVATION PHOTOJOURNALIST in smaller white, uppercase, sans-serif font, with a white silhouette of a mountain range below on a black background.The logo for Blue Sphere Media, featuring a blue sphere with a white highlight above the words Blue Sphere in white, sans-serif font, and Media in smaller white, sans-serif font below it on a black background.

The opinions expressed in this film are solely those of the director and the producers and are not meant to represent the opinions of the United Nations, its officers, employees or other representatives nor any of its member states.

Access to NOAA Research Vessel SHEARWATER is greatly appreciated; the views and opinions in this film are those of the film-makers alone, and not necessarily those of the Office of National Marine Sanctuaries, National Oceanic and Atmospheric Administration, or the federal government.

With support from IFP

The filmmakers and SavingSpecies are restoring 10 acres of rainforest in coastal Ecuador in order to offset the carbon footprint of the film, protect biodiversity, and increase species' chances for survival.
